***YELLOW = Maximum Score**

Betsy Rosenzweig chose well with the \$200,000 possible Lottery Card winner on 2024.09.28 for the Compound shooters

Jersey Girls ... Our 10th season Preliminaries are now completed. The Competition Season begins this coming Saturday, October 5th ... so be there or be square ... please call or text me if you cannot come, or if you will be late. **REMEMBER** that we start promptly at 11 am. Late comers will have to make up their missed "ends" after we take our 5 minute break.

Chanel King opted for the sure thing winning the Dunkin Donut card for closest to the "X" for the Recurve shooters this week.

Congratulations to both Betsy Rosenzweig (above left) and Chanel King (above right) who won the DD Cards this past week. From this

point on, you will have the choice of either a Dunkin Donut Card or a NJ Lottery Scratch-Off Card for being the Closest to the "X" on the last shot of the morning. No Jersey Girl can win 2 weeks in a row so that more get a chance to win.

For the "newbies" ... your score for any game cannot exceed 150 points, nor can your total score exceed 300 points.

That's all she wrote ... see ya later alligator!
